

Year 4 Maths Work

Mon 29th June – Fri 3rd July 2020

This week, we would like you to work through the White Rose lessons for Summer Term Week 3. To find the lessons...

1) Click on this link: <https://whiterosemaths.com/homelearning/year-4/>

2) Scroll to the bottom and click on the section headed **Summer term – Week 3**

The work for this week will be on multiplying and dividing by a 1 digit number. There are 4 lessons this week, each lesson has a video and a work sheet to go along side it. Try to complete one each day.

If you are coming to school this week, do not complete the work for that day – we will do this together. As there are only 4 lessons, children in Earth Class will be completing Lesson 4 when they come in on Friday.

Remember to take a photograph of your sheet and upload it into your folder in Purple Mash so that we can see it. If you need help accessing the work contact your teacher via the school office or email.
