

Year 5 Maths Work

Mon 29th June – Fri 04th July 2020

Now that you have completed last week's task, we would like you to work through the White Rose lessons for **week 1**. To find the lessons...

1) Click on this link: <https://whiterosemaths.com/homelearning/year-5/>

2) Scroll all the way to the bottom and click on the section headed **Week 1** You will have noticed that we have gone back on ourselves a bit but this is to consolidate your learning on decimals. Have fun Year 5!

(Remember we will work our way up to week 6. 😊)

Lesson 1: Decimals up to 2 d.p

Lesson 2: Decimals as fractions

Lesson 3: Decimals as fractions

Lesson 4: Understand thousandths

Lesson 5: Thousandths as decimals

Remember to watch the lesson on video first then complete the worksheets (N.B. you can also collect the same worksheets from school, which are already printed for you). **Complete one task each day**. Complete one task each day. If you need help accessing the work **contact your teacher via the school office or email (2Email) in Purple Mash**.

Check your Purple Mash 2Email for instructions on how to upload your work to Purple Mash, when you have completed it. Otherwise, watch the video showing another way to upload your work on Y5 Blog.
