

Foundation tasks

Week 6

Monday 6<sup>th</sup> July – Friday 10<sup>th</sup> July

# PHSE

## Is it only up to the adults to look after our environment?

Discuss the following questions below with someone at home.

What does environment mean?

Do you think you are responsible for the environment?  
(Explain your answer)

Use the following link to gain more knowledge of why we should be taking care of the environment . (Do not forget to write these down!).

<https://www.bbc.co.uk/bitesize/topics/zp22pv4/articles/z2md82p>

Confused about what do with your rubbish?  
Watch the following video clip below.

<https://www.bbc.co.uk/bitesize/clips/zq3q6fr>

### Task

Draw a map of your local area, showing all the recycling collection points you know. These could include separate waste bins in the school building, bottle banks, compost heaps in nearby gardens, charity shops, clothing banks and battery recycling points in local supermarkets. Next, with an adult go for a walk around your neighbourhood to identify more recycling points.

# PHSE

## Recycling at home!

### Challenge

There are many things we can recycle. Draw a house like the one below and draw different objects that can be recycled in each room.

Use the following video clip to help you 😊 -<https://www.bbc.co.uk/bitesize/clips/z7x2tfr>

# Science

## Plants

What do you already know about plants?

(Make a mind map and discuss with someone at home)

# Science

## Plants

We can get a lot of materials from plants such as ...

Wood

Rubber tree

Some plants provide us with food.  
How many can you name?

# Science

# Plants

Watch the following videos below to gain more knowledge about plants 😊

<https://www.bbc.co.uk/bitesize/topics/zy66fg8/articles/zcjmp39> - What are plants?

<https://www.bbc.co.uk/bitesize/topics/zy66fg8/articles/zss9msg> - Why are plants important?

<https://www.bbc.co.uk/bitesize/clips/zyqw2hv> - What do plants give us?

Don't forget to take notes!

Design a poster showing people how we use plants and why plants are so important to us!!!

Think about:

- Which foods are healthy and why
- What plants give us e.g. medicine, resources—paper, oxygen etc.

# Geography

## Your local area investigation

Learn something new about your local area!

There are many different ways in which you can find out information about your local area.

You could:

- Speak to somebody who has lived in the area for a long time
- Visit a local library if possible
- Use the Internet

Task

Answer the following questions below and record your findings 😊  
(Try to use different ways to find information about your local area)

What is the name of this place?

Where is this place and which other places are near it?

Is it a village, town, suburb or part of a city?

What types of buildings can we find and what are they used for?

Are there any green spaces? What are they used for?

Who lives here and what do they do?

Are there any local 'landmarks'?

What type of transport links can we find?
